

Litter Loot Treasure Hunt

Ahoy there! Did you know that there are 5,000,000,000 pieces of plastic in the world's oceans?! That's as heavy as 9 Statues of Liberty! Me and my ocean friends really need your help collecting litter from the beaches. See how many points you can score and you might even win a prize if you score the highest!

RULES:

- Take a rubbish bag to the beach
- See how many pieces of litter you can pick up in half an hour (making a note of how many of each type in the first boxes on this sheet)
- Calculate your total score and send to: enquiries@nationaltrust.je

Winners will be contacted and announced on our Facebook page at the end of #LoveNature festival

Make sure you throw your loot in a bin, where it can't blow back into the sea.

**STAR FIND!
Fishing Line***

Takes 650 years to completely disappear and can really hurt our ocean friends by getting tangled around flippers and wings:

x 10 points =

(!!Sometimes fishing line can have sharp hooks attached to it, so please ask for an adult's help if this is the case!!)

*You might want to keep these items if you plan on doing the Scavenger Hunt and making sea treasure art

Name:..... Total Score:

Some litter can be a bit dirty sometimes, so please make sure you wash your hands afterwards, or wear gloves like me.
